Approved For Release 2002/08/08 : CI

3. The following shipments were dispatched from the depot between 1 and 31 December 1951:

Date in	Cars	Shipment	Receiving Station
14	2	28.5 tons of 152-m	Koonigsbrueck
5	1	8 tons of infantry arrantition	Chemitz-Rersdorf
8	1	9.2 tons of infantry accountion	Doebeln
ננ	1	Li tons of 105-mm shells	Zeithain
1.2	1	9 tons of 120-mm mortar shells	Koenigsbrueck
		10.8 tons of infantry amenition	Koenigsbrueck
1.8	2	25.6 tons of 76.2-mm shells	Zeithain
2 2	1	9.5 tons of 105-mm shells	Zeithain
26 .	1	12 tons of 152-mi shells	Koenigsbrucck *

4. On 28 December 1951, trucks loaded with 25X1C boxes, were seen at the installation.

5. On 22 December 1951, about 110 troops wearing red-bordered black epaulets arrived at the amunition depot. They were quartered in the compound in the woods and were to be employed as a labor company on 15 January 1952. Soviet officers stated that all Jorman personnel would be replaced by Soviet labor units. On 1 January 1952, 75 Jerman women and non were discharged from the depot and assigned to work at the coke plant under construction in Lauchhamer. The German driver personnel was also discharged and replaced by Soviet soldiers. On 2 January 1952, a Japtain Duyakov or Durakov (fnu) and a senior lieutenant from Grimma or Bilenburg arrived at the depot to work on administration, ***

25X1A

Cornent. The information confirms the amunition depot, until the end of December 1951. The outgoing shipments were not listed in reports on rail movements; however, they are considered credible. Some of the incoming shipments were previously reported. Although the rate of incoming amunition shipments from the U.S.S.R. has been increased, Hohenleipisch, compared with other amunition depots, has received only small quantities of amunition which indicates that the depot is already well stocked.

批准

Comment. The information on the discharge of German personnel is given credence in view of the fact that German workers at other armunition depots had previously been discharged. Captain Duyakov or Durakov (fnu) is reported for the first time.
